

ANNA UNIVERSITY REGIONAL CAMPUS COIMBATORE – 46

We are pleased to announce that today, CTS Company conducted a group discussion and mock interview session for 150 final-year students. Fourteen dedicated volunteers from the company facilitated the interviews, offering valuable feedback to each participant. We extend our heartfelt thanks to CTS Company for providing this invaluable training, generously funded through the CSIR initiative. Their support has greatly contributed to our students' skill development and future readiness.
